Hank and Joann

Thank you for helping me to clarify the terminology earlier this morning. The SOW previously was for TDD #2 ERRS Emergency Response (not the entire Task Order). I reviewed the TO SOW you provided to me. I recommend amending item #4 to the following language to better reflect the MA

Provide spill response and mitigation of hazardous materials and/or oil, from fixed facilities and mobile sources per technical direction of the OSC

Please contact me with any questions

Thank you

Chris
